26th China Hospital Construction Conference International Hospital Build and Infrastructure Exposition (CHCC)

The Global Premier Ecosystem for Hospital Excellence

Post Show Report

Follow us

 <https://chccchina.com/en>

The China Hospital Construction Conference and International Hospital Construction Equipment and Management Exhibition (CHCC) was founded in 2004. With more than 20 years of experience in the industry, it is committed to building a global beautiful hospital ecosystem platform . It provides one-stop hospital construction procurement, learning and communication services, covering the latest trends and innovative cases in hospital planning, design, construction and operation management, publishing cutting-edge industry information, and promoting mutual exchanges and learning among hospital decision makers, government health officials, corporate executives, design institutes, etc.

Exhibitor Overview

The 25th exposition has gathered 746 high-quality suppliers from 16 countries and regions including the United States, Germany, and France, with powerful support from high-quality suppliers such as Huakang, Zhengyuhengxin, Baixiang, Shinva Medical, Gree, Midea, Telelift, Dnake, Yarward, HKS, Drager, Tederic, Smiths, Huazhan, Best New Medical, Homerun, Armstrong, Mondo, and Powerdekor.

Exhibitor Feedback

"This event provided a significant platform for showcasing and networking for companies. Our direct interactions with the Consulate General not only enhanced our insight into international markets but also guided our strategy for expanding our global operations in the future."

Chen Jianhua, Sales Director of Mondo Floorings (China) Co., Ltd.

Exhibitor Overview

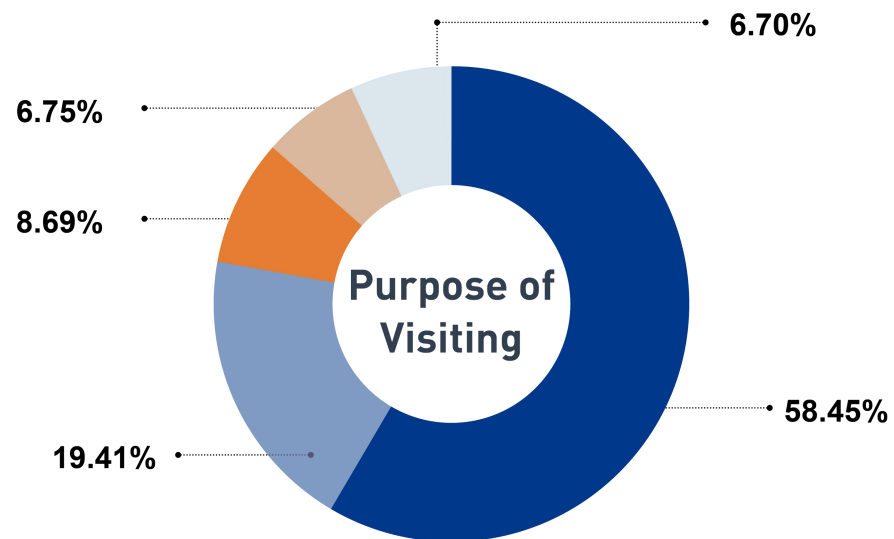

Exhibition Segments

- Medical Engineering Equipment
- Smart Hospital System
- Hospital Logistics and Operations Support
- Healthcare Water System Construction
- Medical Gas Engineering
- Medical Clean-room, Special Ward Engineering
- Laboratory and Medical Equipment Systems
- Medical Logistics Transmission Systems
- Hospital HVAC and Weak Current System Construction
- Smart Ward, Smart Sitting/Sleeping Facilities and Smart Furniture
- Solutions
- Hospital Doors, Windows, Curtain Walls and Technological Accessories
- Hospital Building Wall Decor Materials
- Hospital Ceiling Engineering and Materials
- Hospital Floor Decor Materials
- Hospital Planning Design and General Engineering Contracting

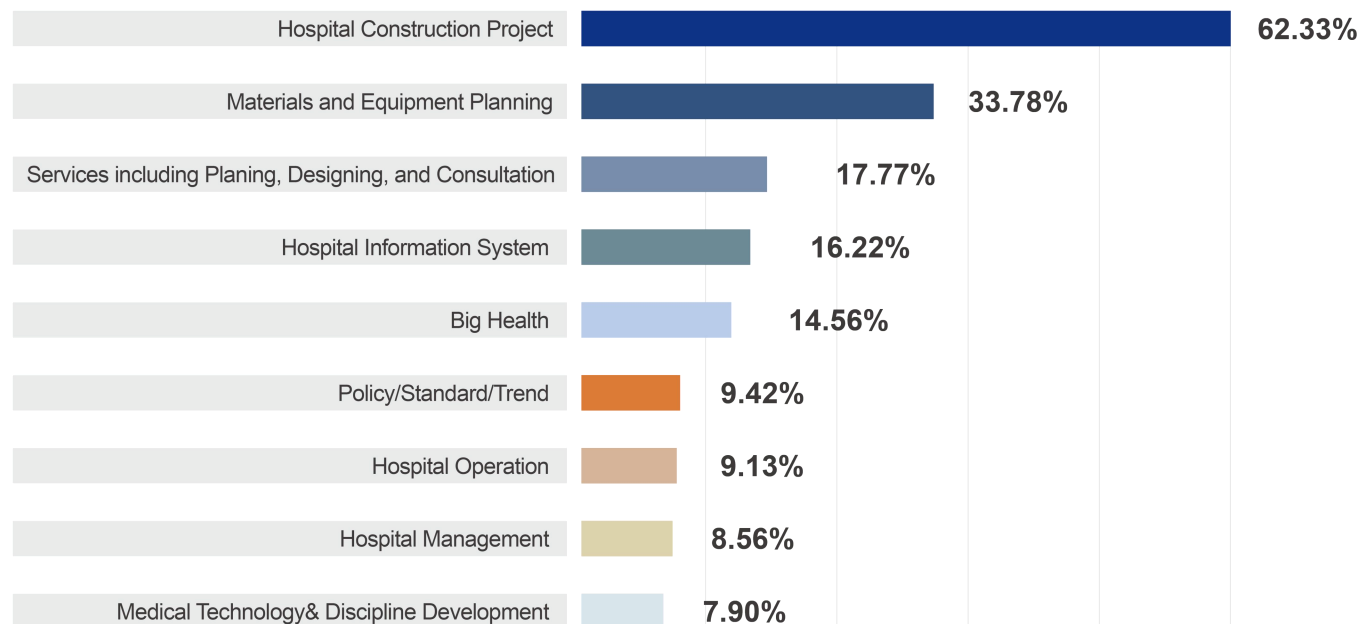

Visitor Overview

Purpose of Visiting

	Understand the industry and market dynamics	58.45%
	Contact new suppliers	19.41%
	Seek for investment	8.69%
	Construction bidding	6.75%
	Other	6.70%

International Buyer Feedback

On behalf of ItalThai Engineering, I would like to thank you once again for your support at the Expo. I really impressed as you brought us to the booth and having English speaker ready to present, so we quickly get to the point and get the right contact further business discussion. We have limit of time at the Expo and your support could save our time. In the next year, we will attend CHCC Expo again.

Chanapon Supankoon, Vice President of Business Development, ItalThai Engineering

Conferences Overview

In 2024, CHCC received 9,030 participants and saw a continuous increase in the proportion of senior management and decision-makers (e.g., presidents, vice presidents, directors of infrastructure construction, general affairs, information management and facility management), accounting for 55.62%, indicating that CHCC is getting more attention from the management and decision-makers and more hospital managers are exchanging ideas and acquiring knowledge at CHCC.

International Conferences

Seven international conferences were hosted, featuring presentations from 14 companies and government agencies across 10 countries and regions. Topics at these international forums spanned:

- UK China Future Hospital Construction Symposium
- Australian Modern Hospital Planning and Construction Forum
- The 6th "Belt and Road" Hospital Construction Development Summit
- The 13th Sino-Foreign Hospital Architect Summit Forum-Europe and Americas (Morning Session)
- The 13th Sino-Foreign Hospital Architect Summit Forum-Europe and Americas (Afternoon Session)
- The 13th Sino-foreign Hospital Architect Summit Form-Asia (Morning Session)
- The 13th Sino-foreign Hospital Architect Summit Form-Asia (Afternoon Session)

CHCC Awards

The CHCC Awards, an industry honor bestowed by media platforms and academic institutions within China's hospital construction sector, have been annually awarded to outstanding contributors since its inception in 2013, marking 12 consecutive years. In 2024, awards were distributed across three main categories, honoring 243 individuals: 66 received the "Project Award", 87 the "Leader Award", and 80 the "Enterprise Award".

Project Award

- The 9th China Top Ten Hospital Architectural Design Scheme
- The 6th China Top Ten Hospital Interior Design Scheme
- The 3rd China Better Hospital Construction Demonstration Award
- The 25th China Hospital Construction Conference Excellent Academic Paper

Enterprise Award

- The 12th China Top Ten Hospital Construction Suppliers (including 8 groups, design consulting, special engineering, construction equipment, medical equipment, decorative materials, hospital furniture, operation service, smart construction)

Leader Award

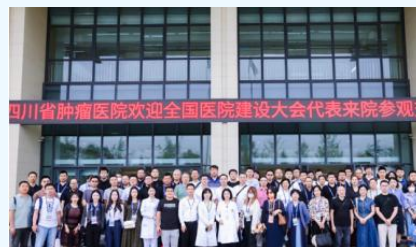

- The 9th China Top Ten Hospital Architect
- The 9th China Top Ten Hospital Interior Designer
- The 8th China Top Ten Hospital Mechanical and Electrical Engineer
- The 1st China Top Ten Hospital Information Engineer
- The 1st China Top Ten Medical Equipment/Device Engineer
- The 11th China Excellent Hospital Infrastructure Logistics Manager (including 3 groups, infrastructure logistics management director, Infrastructure Management office/Department chief, Logistics Management Office/Department chief)
- The 5th China Hospital Construction Outstanding Business Leader
- 2024 CHCC China Hospital Construction Award "Lifetime Achievement Award"

Hospital Tour

The tour provided hospital construction professionals an opportunity to directly observe and learn from the innovative achievements in modern hospital construction alongside absorbing professional theoretical knowledge. The hospital tour registration was met with high enthusiasm, with participants expressing significant satisfaction and gain from their experiences.

History Hall of West China Hospital, Sichuan University

Highlight:
The birthplace of modern medicine in western China

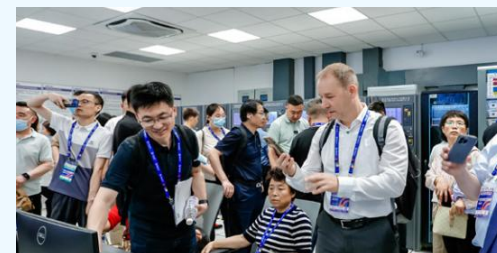

Chengdu BOE Hospital

Highlight:
Four pillars of coordinated development: strong specialized departments, large-scale comprehensive services, modular layout, and smart hospital features

Sichuan Cancer Hospital (Tianfu Branch)

Highlight:
Spatial layout for tumor diagnosis and treatment under the MDT model, and the tumor radiotherapy cluster with proton center as the core; Staged construction with a scientifically sequenced, integrated medicine-education-research-industry tumor center

Gulian Hetai Rehabilitation Hospital in Tianfu New District, Chengdu

Highlight:
A comprehensive facility integrating medical treatment, rehabilitation, nursing, and elder care

Other Activities

1

Media group interview

Over ten national, provincial, and industry-specific media outlets were invited to collectively interview guests at the China Hospital Construction Conference, with an industry exposure of over 60,000.

2

Big shot dialogue

Experts from different fields were specially invited to discuss the high-quality hospital construction and development in China, with live streams of the two dialogues attracting 34,800 viewers.

3

Book signing and gifting

Thanks for all our partners!

筑而瑞 Z&R Exhibitions

BeiJing Z&R Exhibitions Co., Ltd.

A joint venture between Reed Sinopharm and Zhuyitai Technology. It is committed to focusing on the construction of good hospitals, building a professional platform for hospital construction and communication innovation worldwide, and hosting and planning online and offline conferences and exhibitions in the field of hospital construction.

Reed Sinopharm Exhibitions (RSE)

One of the most renowned event organisers dedicated to pharmaceutical and medical sectors in China. The company is a joint venture between China National Pharmaceutical Group Corporation (Sinopharm) – the largest medical and healthcare group in China, and Reed Exhibitions - the world's leading event organiser. RSE runs a portfolio of 30 highly recognized events, which serve the entire value chain of healthcare with an extended market reach into education and scientific research sectors, holding several exhibitions such as CMEF, ICMD, API, CDS, CRS, PHARMCIHNA, CECN, NHNE and more.

Zhuyitai Technology Co., Ltd

Founding company of CHCC. Under the mission of “building better hospitals for China”, Zhuyitai is dedicated to establishing an O2O innovative ecosystem platform in the field of hospital infrastructure in China. It provides a platform for resource integration and smart service in the field of hospital infrastructure.
